Japan's most beloved beauty brand invites you to experience an enchanted holiday full of hope and radiant beauty. From skincare to makeup to fragrance, DECORTÉ is the destination for gifts this holiday season.

New. DECORTÉ AQ Eau de Parfum

A Special Gift for the Fragrance Connoisseur.

An elegant floral fragrance that evokes blossoming flowers centered on the sacred Magnolia Champaca. This natural fragrance ingredient is prized around the world as the flowers of the tree found in parts of Southeast Asia can take up to fifteen years to bloom. Two of the world's greatest female perfumers, Calice Becker and Carine Certain Boin, collaborated with the DECORTÉ team to bring this scent to life. The fragrance also features a beautiful Natural Sublime Rose Essence that is sustainably sourced as well as Queen of the Night and Magnolia. The glass bottles in two sizes were designed by renowned Dutch designer, Marcel Wanders, and emulate the transformation of the flower and the scent. The 100ml bottle symbolizes a fully bloomed flower with the cap design, and the 30ml bottle represents a small bud.
